Dear Ms. deBeau:

I am responding to your memo dated September 15, 1998, regarding the Cummings For Congress (C00310318) Amended July Quarterly report for the period 4/1/98 - 6/30/98.

We have corrected the discrepancy on the Detailed Summary page and include an amended report.

The excess contributions to Nathan Chapman and Keith Adams were refunded and included in the Pre-Primary report (7/1/98 - 8/26/98).

We are requesting permission to continue to use the FEC software to produce our reports. We received approval to submit our reports using the FEC electronic software in June 1998. However, we can not transmit the data because the year-to-date data is not included. As a result, we have been using the FEC software to produce manual reports.

Thank you for your consideration of our request. Please call me at (410) 662-8400, if further clarification is needed.

Sincerely,

Ronald Thompson
Treasurer
